BASILE ROUX

3rd year student at Telecom SudParis

A PROPOS

I'm looking for an internship in cybersecurity starting from february 2024.

PROJECTS

XCUBE - GAME - LIBGDX / NODE.JS

A cross platform game inspired by Tic-Tac-Toe with a multiplayer online mode, local 1v1 and versus AI

404CTF - CYBERSECURITY

I've created a challenge for the biggest (in number of participants) CTF of France

AND MORE TO DISCOVER ON MY PORTFOLIO

Portfolio : <https://enevycitis.github.io/>

EXPÉRIENCE

Fondation Laelith

Used python and the OpenAI API, along with redis and grant, to code a translator (among other things) that use the Laelith book (more details on the portfolio)

Groupe Prenant

Worked in a paper factory

DIPLOMA

Linköping University (2024-présent)

One semester exchange to Sweden

TELECOM SUDPARIS | IP Paris (2022-présent)

Engineering diploma

Lycée Fabert, CPGE (2019-2022)

Gave me an excellent scientific background
